A vertical metal rod with measurement markings (7, 8, 10, 13) is shown. Three rings are stacked on it. The top ring features a large five-pointed star in the center, surrounded by a circular border of small dots. The middle ring has a rectangular section on the left with the word 'NIGHT' in a stylized font, followed by a decorative scrollwork pattern and a small red gemstone. The bottom ring is covered in a dense, repeating pattern of small, interlocking loops.

**GREG MANIS** was born and raised in Northwest Georgia and his photos tell the tale of his upbringing with a raw yet romantic passion. Manis came to New York City after graduating from Savannah College of Art & Design, and is now making a name for himself. He has had his work published in books, various magazines (such as *V* and *Nylon*), and shown in galleries around the world.

**BRITTANI BOWMAN** is a photographer from Jacksonville, Florida. Photography is her drug of choice. It allows her to access and express her true self in a way that no medium ever has. Bowman is addicted to the creative freedom photography brings and has no intention of ever giving it up. She's ready for great things. She also once Tweeted this: "watching 'finding nemo' in hi-def is amazingggg"

**ALFONSO VQ** is a Barcelona-born fashion photographer who has been shooting since 2003, but with lots of personal projects involving portrait, nudes and tattoos. He likes beauty and simplicity which motivates him to grow stronger as years pass. Alfonso received his first tattoo from Julie Becker "rock" on his left wrist, and "roll" on his right. And he shot the lovely Julie for this issue.

**MAËLLE ANDRE MAËLLE** is a 23 year-old freelance photographer from Belgium who lives near Brussels. She describes herself as "stubborn yet passionate, I feel happy and free when I'm behind my camera but I also sometimes have my moments of doubts. I love fashion, tattoos, colors and sunlight." She collects Polaroid and toy cameras.

**MICHAEL RUBENSTEIN** is an editorial and commercial photographer that lives and works in Greenpoint, Brooklyn. When not photographing seriously beautiful women for *Inked Girls* he enjoys long walks on the beach, a good steak with bourbon and his motorcycle...not necessarily in that order.  
[mrubenstein.com](http://mrubenstein.com)

**AURELIE DAVIS** was born in Mexico City but is not Catholic, she wants you to know. Davis studied at La Sorbonne in Paris and speaks four languages. Her photos are images she has already conjured in her mind. Her entrepreneurial spirit lead her to create Pola Bare Photography, which is based in Los Angeles.

Sup Ninjas,

When we covered the Gathering of the Juggalos last year in *INKED* we got a glimpse into the dark carnival of Insane Clown Posse's circle and since we've been all types of fired up to try to walk a mile in their wicked clown shoes. So we put on the muthfuckin' face paint, tried to figure out the finer points of magnetism and chugged Faygo while we worked on *Inked Girls*.

Just clownin'. We put more work into this issue than any of the prior installments. Previously *Inked Girls* was wholly a submission-based magazine but to amp up the look and appeal, starting with this issue, we directed all of the shoots including pairing models we are fond of like Julie Becker and Femke Fatale with our favorite photographers. We think you'll agree that this is our sexiest *Inked Girls* ever.

Whoop! Whoop!

A stylized, handwritten signature in black ink.
